Forecast for Thursday 13 Apr 2023

Weather: Mainly cloudy with showers overnight and early in the day, falling as snow above 500m. These soon dying out in the morning then a lot of dry and bright weather. Scattered showers developing in the afternoon, falling as sleet or snow above 700m. The odd one could be heavy with hail and thunder in the south but dying out during the evening

Chance of cloud-free hill tops above 800m: 20% overnight, becoming 70% during morning.

Low cloud and visibility: Poor with snow and cloud above 500m overnight. Visibility becoming mainly good through the morning but locally poor in any showers with patchy cloud down to 500m.
